A general sanitary inspection of the village was carried out on August 12th and 14th. It was found that the village as an whole was in very good clean condition, there were, however a number minor discrepancies noted and placed before the local Board of Health.

In the case of D. E. Cahill who has several previous notifications to place his premises in sanitary condition, having failed to do so. G. S. Cottle laid information against him on two charges. First, he did neglect to comply with order given him by an executive officer as provided in section 27 Public Health Act. Second, that he did maintain his premises in filthy and unsanitary condition.

The cases were heard before A. E. Keith, J.P., Saturday August 14th. D. E. Cahill pleaded 'Not Guilty.' He was proved guilty and fined \$5.00 and costs \$6.00 on the first charge. To the second charge D. E. Cahill pleaded guilty and was fined \$10.00 and costs \$6.00.

Quality Marked The Exhibits: Chauvin Fair

In the horse ring W. B. Blundell of Fallis and formerly of Stratford on Avon, England was placing awards. Clydesdales showed the biggest competition. The female championship being taken by W. J. Sewell with a choice animal of good size and type, full of promise as a good draught mare. John Milne's stallion taking the male championship. The judge assured that it spoke well for the future of their horse that a two year old took the championship from the older mares. There were a couple of good Suffolk Punch worthy of special notice.

Wm Wilson of Innifail was judge of the cattle, sheep and swine. The Shorthorn topped the list, both in the way of competition and of quality of individuals shown. It was to be noticed that a junior calf took the championship in bulls, but the calf promised quality that was not possessed in the opinion of the judge by the older animals. The champion was owned by Griver Lasell and took first in a class of five calves.

The female classes were strong, there very good cows coming out as winners; first place being accorded to Strachan Bros with a nice light roan—second and third to G. Snell and Griver Lasell respectively. The winner for cows was beaten for championship by a red heifer belonging to Strachan Bros. George Snell showed a choice yearling roan heifer.

Strachan took first prize for herd: offered by 14-Col Rodden with white aged bull, first prize roan cow, second prize yearling heifer and first prize heifer calf.

The showings of Aberdeen Angus by E. A. Pittman and H. Young displayed some choice specimens of this breed.

Merry Times Spent At Dina Picnic

Dina is to be congratulated for pulling off probably the best picnic of the year. This is a bold statement but we believe will stand the test of public opinion. The weather clerk was on his best behaviour and contributed largely to the success of the picnic. Over 200 people were tagged and as has been stated the proceeds will be turned over to the Winona Local U.E.A.

Space will not permit of a detailed list of prize winners, but a few items will interest our readers. In the football match between Lloydminster and Chauvin; Lloydminster won by 2 goals to nil, after a rather slow game. Both teams had a good defence but Chauvin were weak in the forward line, Lloyds forwards were quicker on the ball but their shooting was rotten. In the baseball games Allist beat the Alberta Government Telephone team by a score of 8 to 7 after an exciting and fast game. In the final between Allist and Allist the game went to Allist, darkness spoiling the match.

The wild steer riding contest proved a great success and Oscar Sand won the prize—his was some ride, when both ends of the animal met and he stays on.

In the evening a dance at the school house finished up a day of real fun. (Continued on page eight)

WHAT IS LIFE INSURANCE?

LIFE INSURANCE IS AN ANCHOR OF SECURITY

It is an alliance of prudent men against misfortune.

It is the practical expression of care for the dependent ones.

It is the only way to create an estate by a stroke of the pen.

It is the one investment that reaches it's greatest value at the time of the greatest need.

It cultivates, and by desirable compulsion compels the habit of saving.

It gives all a savings bank gives and much more.

It answers the question whether or not a man will live long enough to provide for his family.

It protects wealth and removes poverty.

It safeguards encumbered property and pays off the mortgage.

It gives peace of mind.

Edinglassie Notes

We are still enjoying ideal summer weather. The crops are all making splendid headway and a week or two more of this kind of weather and harvest will be in full swing.

Mrs E. Davidson and son Victor visited the former's parents. Mr and Mrs Jas. Reinhart for a week

Mrs George McEwen of Leduc,

spent a few weeks with her sister, Mrs Richardson

Practically all this district visited the annual Chauvin fair on Friday August 13. All report a splendid time.

On Friday evening August 6th the boys and girls ball team wandered up to our school to play a return game with our basketball team. The evening was ideal and a large

number of people gathered to watch surely two very interesting games and we have great reason to be proud of our boys and girls for their skill at this new popular game. Many popular yells were indulged in which kept up the spirit of all the players to the end of the games.

The first half of the boy's game was very closely contested. The score at the close of the first half was 7-5. Then the last half, our boys tune of 8 put it over the Roros boys to the tune of 8 to 5 making the score 13 to 5 in favor of our boys.

Then our girls certainly did some splendid playing. At the end of the first half the score was 6-0 in favor of the home girls and the game ended by a score of 8-2 in favor of Edinglassie

After the games were over nearly all present came into the school to enjoy the remainder of the evening until the wee sma' hours in the old and happy pastime of dancing.

There were nearly 100 people present and the music was splendid, being furnished by the Reinhart Bros. Everyone surely enjoyed themselves and it will not soon be forgotten and all proclaimed the boys and girls of the various teams "Really Jolly Good Fellows"

Mr. Fred Dallyn arrived from Edmonton hospital on Tuesday last and is doing well

Mr. Norman Wilde returned from B. C. on Thursday last.

The U. G. G. Elevator is now open and ready for business.

Our big school is nearly completed outside and looks good.

Miss Gladys Dallyn is spending the week in the Cresthill district

A Kodak is a necessity not a luxury. It is not necessary to buy a high priced Kodak to get pictures of the children while they are young. A \$2.35 box camera does nicely, takes pictures 2 1/4 x 3 1/4.

Any one can do it. Your 5 year old child will learn to snap them. You bring the film to us when all are taken and you have no more bother with hours afterwards, and then the fun. Kodaks and films for sale by The Chauvin Pharmacy

Recommendations:**Re Hog Keeping**

The following are the recommendations of Mr. Cottle, the provincial sanitary inspector—I would recommend that owners of hogs be given written permission to retain hogs, provided they comply with the following requirements:—

- (1) that hogs be kept 500 feet from any residence;
- (2) that the hog pens be kept in a clean and sanitary condition
- (3) that the hogs shall not be allowed to cause annoyance to neighbours, either from a sanitary standpoint or otherwise
- (4) that persons who on request by local Board of Health remove their hogs outside the village limits within a selected period of time costs \$6.00, and thirty days to clean up.

Card Of Thanks

The lady directors of the Chauvin Agricultural Society wish to take the earliest opportunity to thank the various bands of Willing Workers, whose help added so materially to the success of Fair Day.

The town and country ladies who supervised the exhibits in the Agricultural hall,—the various ladies and young men, who assisted in the re-

freshment booth, the friends who donated cakes and pies and butter and cream; and last but not least the members of the Women's Institute who ran the lunch department and intended making over the proceeds to the Agricultural Society Funds—to one and all of these helpers they tender their best thanks and hope to do the same for them when their turn comes, some day.

Lloydminster Beats Chauvin At Dina

Chauvin won the toss and elected to play down hill in the first half, but it was early evident that they a team who thoroughly knew the game and their combined play was a treat to watch. The game had been in progress about 20 minutes when the Lloydminster centre broke away and rounding the backs had the goal keepers at his mercy, and Chauvin were one goal down. This reverse nettled the home team and for a time it looked as if their efforts would be rewarded but all their hard work went for nothing on account of their poor combination. At this period of the game the Chauvin team was keeping the ball constantly down at their opponents goal but could not score and the whistle sounded for half time with the score Lloydminster 1 Chauvin 0.

The second half commenced with mid field play but soon the opposing forwards were swarming round Chauvin goal and but for the splendid work of goal keeper Strachan would have added to their score. After 20 minutes the result of the game was combined footwork. Chauvin were now having hard work trying to hold the speedy Lloydminster team and but for the excellent work of Chauvin goal keeper and poor finishing by the forwards their score would have been increased. The game ended Lloydminster 2 Chauvin 0. For Chauvin Strachan in goal, Pearce and Fitzpatrick were the pick of the team, although the other players all worked hard and deserve credit for the plucky samethy put up, and there is no doubt that the game will teach the Chauvin team the value of combined goalkeeping out were a nicely balanced team and all played a good game, although it was a little surprising to see such a good team so weak at finishing, in this respect the inside left was a sinner. The game was greatly enjoyed by the players and spectators and the Chauvin players hope they will again have the opportunity of playing a game with the Lloydminster team, as the game will be players a little more about the game, and bringing about a desired improvement in their play.

Brady Sunday School

As previously announced Mr. Gladstone Wood (Official Sunday School Organizer for Saskatchewan) will conduct a special service in the Brady schoolhouse on Sunday August 22nd at 3 o'clock in the afternoon. Mr. Wood is an eloquent and forceful speaker and a good congregation is arranged so as to further encourage the officials of the above Sunday School to put forth even greater efforts in order that the young people of our district may have their religious instruction. Splendid work has so far been accomplished as an average attendance of 42 will testify. A very cordial invitation is extended to any of our outside friends and a good time is assured.

Don't forget the date and place. Brady School house Sunday August 22nd Mr. Gladstone Wood will conduct a special service at 3 o'clock in the afternoon
